

Lucy Chambers

lucyyccchambers@gmail.com | 0407 451 555 | [Online Resume ↗](#)

Computer Science graduate from The University of Queensland, completed in December 2025. Skilled in software development, web applications, databases, and problem solving, with a minor in Psychology that supports an understanding of user needs and decision-making. Seeking a development role to apply my technical expertise. Currently working at KPMG in a graduate role within Advisory, Mid-Market & Private.

Education

The University of Queensland

Bachelor of Science, Computer Science | December 2025

- Major in Computer Science, Minor in Psychology.
- Awarded: Dean's Commendation for Academic Excellence.
- Relevant Coursework: Algorithms & Data Structures, Advanced Database Systems, Theory of Computing, Software Engineering, Web Information Systems, Artificial Intelligence, Cloud Computing, Data Science.

TAFE NSW

Certificate III, Business Administration | November 2019

Statement of Attainment, Complex Word Processing and Spreadsheets | April 2020

Statement of Attainment, Executive Assistant Organisational Skills | August 2020

Technical Skills and Projects

Languages	Python, Java, JavaScript, C, PHP, SQL.
Web & Frameworks	React (Web and Native), CodeIgniter 4, HTML, CSS.
Databases & APIs	MySQL, PostgreSQL, phpMyAdmin, REST APIs

Survey Application: INFS3202 (Web Information Systems) Final Project | 2023

Developed a responsive survey creation and management application using CodeIgniter with a MySQL backend, deployed on UQCloud. Features include real-time analytics, QR code responses, data exportation, data visualisation, and secure authentication.

Song Creation Application: COMP2140 (Web/Mobile Programming) Final Project | 2023

Implemented a React Native application integrating RESTful APIs to manage user-created music samples. Features allow users to view, create, edit, preview, and share music samples, with an added map feature enabling playback of samples at specific locations.

Wedding Website ↗ | 2024

Created a custom wedding website using HTML, CSS, and JavaScript. Features event details, RSVP form, and a curated photo gallery. Designed for easy guest navigation to access venue information, respond to invitations, and view gallery. *Note: Some details have been changed to respect the couple's privacy*

Chambers Constructions Business Website ↗ | 2024

Designed and developed a simple, responsive website using HTML, CSS, and JavaScript to enhance online visibility for a small construction business.

Fleets Sports World Berridale Business Website ↗ | 2025

Maintain a business website using HTML, CSS, and JavaScript. *Note: I designed the Hire Rates page only.*

Work Experience

Graduate, Advisory (Mid Market & Private)

KPMG | February 2026 – Present

- Support management consulting engagements through proposal development, research, documentation, and project support.
- Developed professional skills in stakeholder communication, teamwork, and cross functional collaboration.
- Build experience working across teams and contributing to client facing and internal business activities.
- Contribute to technology related work across areas including IBM Planning Analytics and IT infrastructure.

Seasonal Warehouse Assistant

Charcoal Clothing | November 2023 – March 2024

- Prioritised and organised workload to consistently meet shipping and packing deadlines in a fast-paced environment.
- Picked, packed, labelled, and dispatched 200+ online orders daily with high accuracy.
- Maintained quality control and minimised errors through strong attention to detail.

Office Clerk

Chambers Constructions | January 2020 – December 2022

- Processed payroll for employees using MYOB.
- Managed invoicing, data entry, and financial reporting.

Receptionist

Calypso Holiday Park | September 2020 – June 2021

- Managed guest check-ins and check-outs using RMS for a 200+ site holiday park.
- Coordinated bookings and responded to customer enquiries across phone, email, and in-person.
- Scheduled housekeeping staff and led children's holiday activities and events.

Pharmacy Assistant

Stanford's Pharmacy | January 2019 – August 2019

- Assisted with 100+ customers daily with purchases, prescriptions, and enquires.
- Maintained stock levels, managed deliveries, and organised product labelling.
